Rishi Raj Shukla

Full Stack Developer | React.js, Next.js & TypeScript

Delhi, India • +91 6394658367 • work.rishirajshukla@gmail.com
LinkedIn: linkedin.com/in/workrishirajshukla • GitHub: github.com/rishiraj9701 • Portfolio: rishiraj-portfolio.vercel.app

PROFESSIONAL SUMMARY

Computer Science Engineering (AI/ML) undergraduate with a solid foundation in full-stack web development and Java Full Stack training. Experienced in engineering responsive user interfaces with React and Next.js, implementing client and application logic, integrating RESTful APIs and AI services, and managing application state and structured data. Dedicated to building clean, maintainable, and performance-minded web applications with modern engineering practices.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
Backend & APIs: RESTful APIs, Application Logic, API Integration, JSON Data Handling, Server-Side Concepts
Databases: SQL, Relational Database Fundamentals, Data Modeling Basics
Languages & AI: Java (Basic), Python (Basic), Gemini API Integration
Tools & Platforms: Git, GitHub, Vite, VS Code, Chrome DevTools, NPM, Vercel, Netlify
Engineering Practices: Component Architecture, Responsive Design, State Management, Debugging, Performance Optimization

EXPERIENCE

Full Stack Developer
2025 – Present

Independent & Personal Projects

- Built and deployed full-stack web applications, connecting responsive React and TypeScript frontends with dynamic application logic and external services.
- Developed reusable, modular frontend components using React, Next.js, and Tailwind CSS with a focus on component architecture and responsive design.
- Integrated REST APIs and AI capabilities (Google Gemini API) to support interactive user workflows, contextual evaluation, and dynamic data delivery.
- Implemented client-side application logic, state management, form validation, and data handling for reliable user experience and maintainable code.

Java Full Stack Development Trainee
2024

EduSkills

- Completed structured training covering Java, frontend fundamentals (HTML5, CSS3, JavaScript), and core server-side development concepts.
- Practiced relational database fundamentals, SQL queries, data modeling, and full-stack programming concepts through hands-on technical exercises.

FEATURED PROJECTS

Flowgrid — Project Management SaaS | React, Tailwind CSS, Node.js, Express.js, PostgreSQL, Prisma ORM
2026

Live Demo: flowgrid-gamma.vercel.app/ | Source Code: github.com/rishiraj9701

- Architected a full-stack project management platform with multi-tenant workspaces, task boards, and interactive progress tracking.
- Built REST APIs in Express.js with PostgreSQL & Prisma ORM, implementing JWT authentication and role-based access control.
- Engineered dual-mode architecture supporting offline demo persistence via localStorage and connected PostgreSQL synchronization.

Nexus AI Analytics Dashboard | React.js, TypeScript, Tailwind CSS, Recharts, Lucide Icons
2026

Live Demo: nexusanalyticssaas.netlify.app/ | Source Code: github.com/rishiraj9701

- Built a modern SaaS analytics dashboard delivering interactive data visualizations, key performance metrics, and activity tracking.
- Implemented dynamic data charts and real-time visualization widgets with Recharts, managing structured datasets and dashboard state.
- Architected modular, accessible UI components with responsive grid layouts, custom navigation, and dark/light theme support.

EDUCATION & CERTIFICATIONS

Axis Institute of Technology and Management
2023 – 2027

- B.Tech in Computer Science Engineering (AI/ML) — Kanpur, Uttar Pradesh, India

Certifications & Training

- Java Full Stack Development — EduSkills (2024)
- Generative AI Content Creation — Adobe (via Coursera, 2024)
- Full Stack Web Development Workshop — Softpro India (2024)
- MongoDB Skills Badges — MongoDB (Basics, AI Strategy & Vector Search, 2026)
